andover principal, dr. gene thieleke and assistant principals, mr. booth and mr. austin make up this year's administrative team. mr. booth has helped restore respect for the office of assistant principal.

the career lyceum program again achieved success this year. important speakers with interesting comments made this program one of the highlights of the year.

dr. thieleke believes that students want firm guidance, and he certainly provides it. this is one of the reasons andover students are so enthusiastic in their support of the administration.

more than ever before, it is imperative that we examine the world, both as it is now, and as it was in the past.

those who forget the mistakes of the past are likely to repeat them. this is why american and world history are so important. contemporary u.s. history is possibly even more important, as it looks at the more recent past, (since 1945), when the world was more like it is today.

after the abuses of public trust that were uncovered last year, everyone should have a knowledge of their constitutional rights. this is also true of current events, a day by day analysis of what is happening.

mr. buford, of football fame, is new to the department this year.

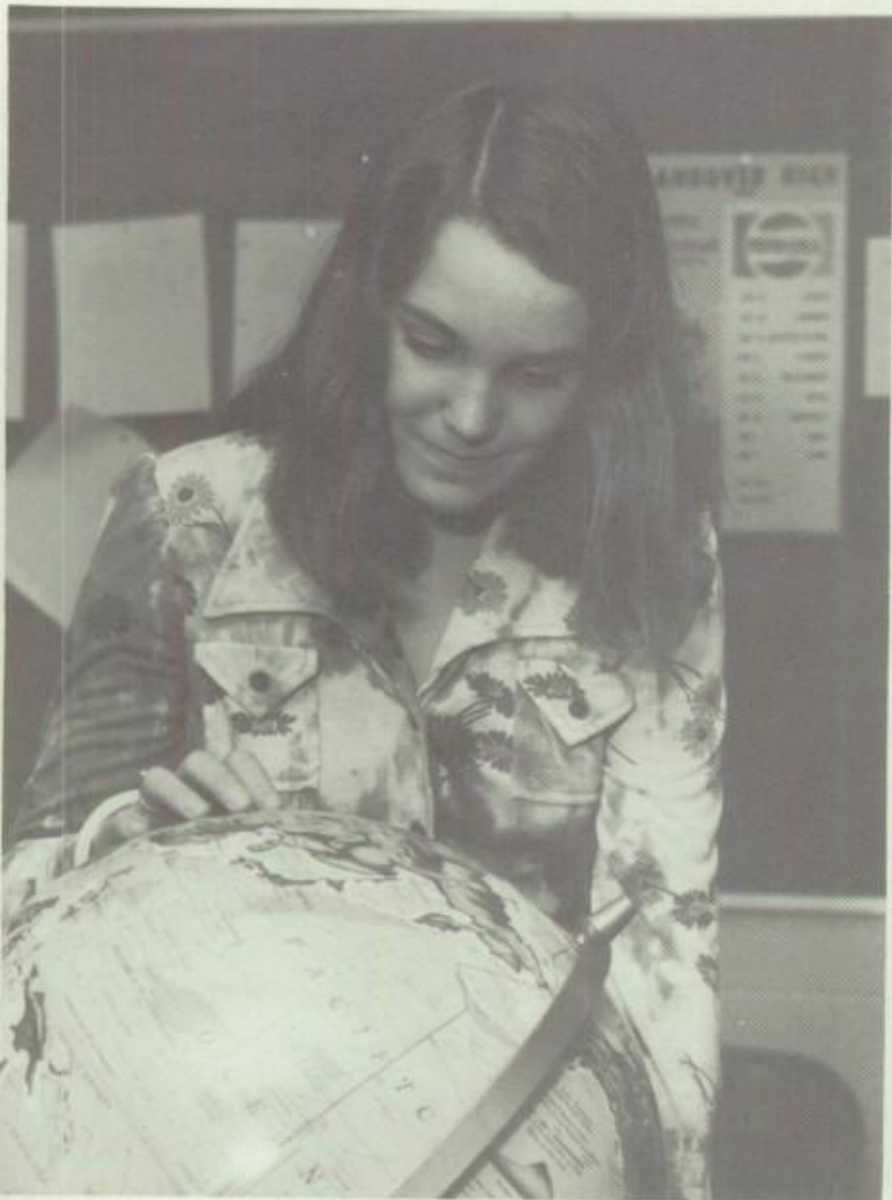

in social studies, the problems of the world are studied, and students leave better equipped to handle them.

andover's science department promotes change. it is imperative that students gain knowledge about the biological and physical aspects of their environment. the individual must have knowledge for survival and to make his contribution toward the betterment of society.

andover helps the student to grow in the sciences by offering very basic courses: biology, chemistry and physics, plus a selection of enrollment courses that include: anatomy, earth science and ecology.

the science department promotes an awareness of the importance that ecology plays in preparing the student for the future and, therefore, stresses our environmental approach.

the andover music department, under the direction of mr. craig strain and mrs. carolyn eynon, offers to students a wide variety of ensembles and classes.

this year started out with the marching band placing first in a statewide competition at eastern michigan university, while the vocal department's jills and cantando choir made their debut on national t.v. singing "the star spangled banner" at the "lion vs. giants" game.

with such groups as the j.r.e. (jazz band), the symphonic and concert bands, acapella choir, sophomore chorus, chamber singers, and the new barbershop quartet, (ironically named "the jacks"), the andover music department has no where to go but up!

Andover takes pride in its industrial arts curriculum. Industrial arts offers a wide range of skills necessary for promotion in the fields of industry.

The basic courses are mechanical and architectural drawing. The more advanced courses which require a little more sophistication include: general shop, woods, plastics, basic electricity, and leathercraft.

without question, the media center is a vital part of andover. students use it to gain valuable information for reports, or to find a good book.

mr. ashley and mrs. jacobstein help students take full advantage of the library's potential. mr. watson, new this year, is working with audio-visual equipment.

in a change in departmental policy, which caused some controversy, it was decided to require a pass to gain entrance into the center.

most of the new books this year center around careers, reference books, and watergate. an effort is made to reflect the latest trends in publishing.

the media center, which is bigger than some public libraries has an all-around program for the benefit of the students.

Julie,
I have so enjoyed
listening to the stories
about the tunnels, burning
fields, skinning poor little
animals, secret passages in old
mansions and I have had a
great time with you in
Brigadoon, and Hello Dolly
and set construction (McDonald's)
But now that you are
leaving ~~the~~ Wayne is to
the blue room will be open!
See ya later, come back

P.S. I always knew
that Chick was a
snob!

Julie,
Good luck at all
you do in the future,
and may you have an
exciting life - maybe
as exciting as jewelry
class, and Reornuelt
Take care,
Love,
Jebbi Johnson

Julie,
I HOPE THAT IN THE FUTURE
MILLIONS OF MILLIONS OF STAGE FIATS
NEED YOU TO PAINT ON THEM. BECAUSE
I KNOW ~~SOME~~ WHEN YOUR MISERABLE, YOUR HAPPY.
LET TELL YOU SOMETHING KEEP IT UNDER-

YOU WANT TO AVOID, - IT THE VERY THING
YOUR INTO." RAY.
